STAT

Dear

STAT

It has been a long time since we met in Rio just before the beginning of the second World War, but I always remember your hospitality and assistance in South America and particularly in Brazil.

I am now engaged in Washington in some interesting projects involving South America and feel that your knowledge, experience and many years in Brazil would be of great assistance to us. Consequently, I am writing to ask if by any chance you pay any visits to this country, and if so, whether you could spare a day or so to discuss these matters on your next visit.

I believe I remember your son was studying at the University  and no doubt he has graduated long since. If he is in this country, I should like very much to look him up.

STAT

Hoping to hear from you and with best personal regards, I am,

Yours sincerely,

Luis deFlorez
